Lumens	450	800	800	800
CCT	2700	2700	2700	2700
Efficacy	50	59	13	61
Life in hours	25,000	25,000	750	10,000

### HOW DO YOUR LIGHTS MEASURE UP?

#### LED VS INCANDESCENT

Up to 80% energy savings  
Up to 33+ times longer life  
Generates less heat  
Higher quality of light

#### LED VS CFL

Instant on  
Mercury Free  
2.5+ times longer life  
Higher quality of light

#### Standard Incandescent

Wattage  
60W

Lifetime  
750 hrs.

Up to **80%** energy savings

#### FIRST® Green e-watt saver

Wattage  
13.5W

Lifetime  
25,000 hrs.

### FIRST® GREEN E-WATT SAVER DETAILS

- Omni-directional design.
- 8.5/13.5 watts – 80% more efficient than comparable 40/60 watt incandescent lamps.
- Maintenance-free operation; lasts over 33 times longer than conventional lighting.
- RoHS compliant – contains no mercury or lead.
- Dimmable.
- 2700K warm white color temperature.
