

IMPACT: SCHOLARSHIP OPPORTUNITIES

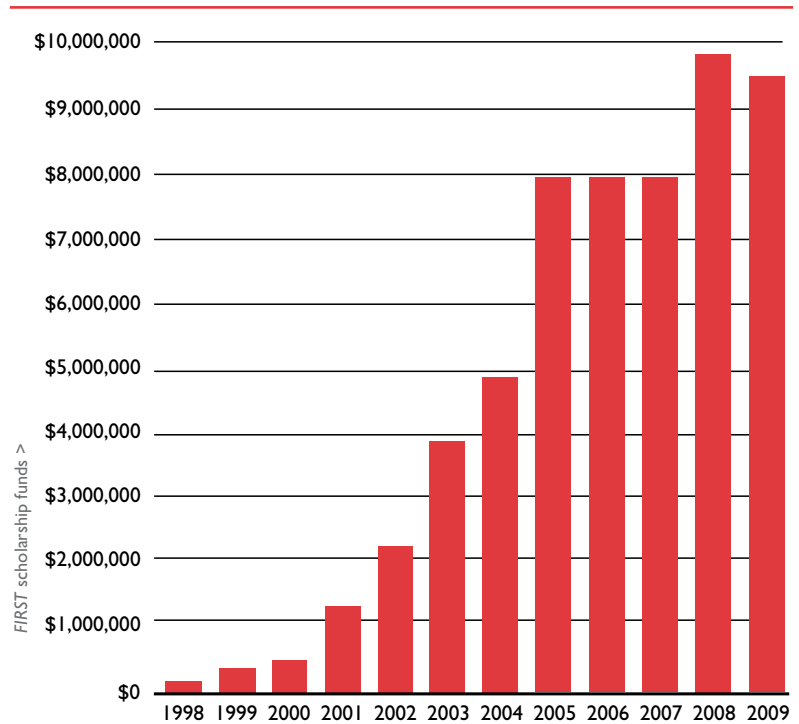

Scholarship Facts

- Over 120 donor organizations (colleges, universities, corporations, and professional associations) provide *FIRST* scholarships.
- Values of scholarships vary from \$500 to full tuition.
- Some *FIRST* scholarships are for special majors such as engineering, math, science, computer science, or technology. Others are for any course of study.
- Scholarship details at www.usfirst.org/scholarships.

Creating Scholarship Opportunities in Science & Technology

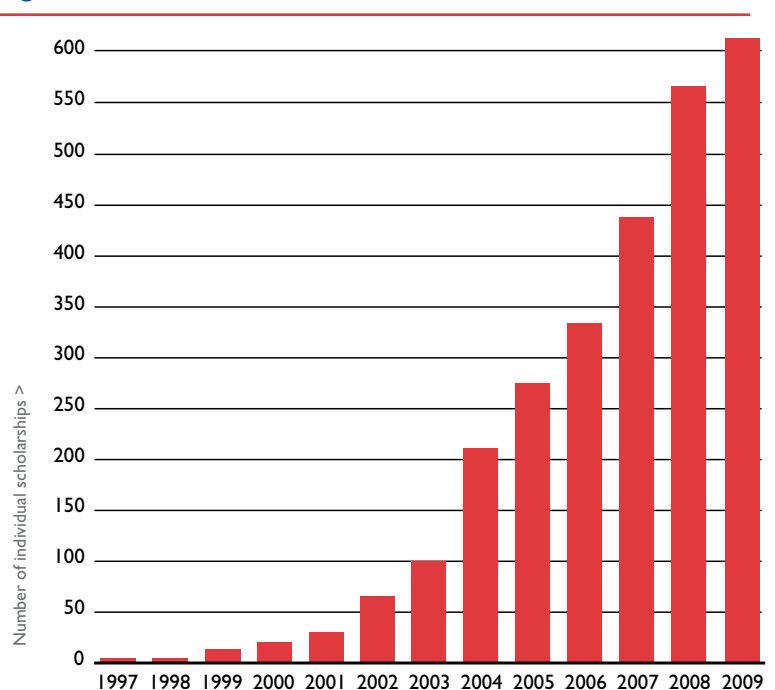

Over \$9 million in scholarship awards are available exclusively to *FIRST* students from some of the leading colleges and universities.

Figure 1

Over 600 individual scholarships are available to *FIRST* students. Most are from colleges or universities for enrollment at their campus, but a few are provided by corporations and professional associations and can be used at any school.

IMPACT: SCHOLARSHIP OPPORTUNITIES

Students Speak Up!

"FIRST helped me make the connections I needed to find the right college. If it wasn't for FIRST, I would not have known the great options engineering holds, especially being a female."

Caitlin

"I would not have been able to consider an out-of-state college without the \$5,000 scholarship I received from Georgia Tech. It enabled me to pursue my first choice of college. I am very thankful for the inspiration that the FIRST experience gave me, and for this scholarship that allows me to be at a top institution, headed for a challenging and intriguing career."

"WPI is all about hands-on, collaborative project work—education with real world relevance. We have found that traditional high school measures of merit don't consistently identify students well-prepared for this challenge. Twelve years ago, we realized that successful participation in the FIRST team experience could be a good indicator. Over the years, we have been thrilled with the quality and success of our FIRST-alumni students. Our FIRST scholarship recipients in particular have proven to be excellent investments into our student body. From our point of view, the scholarship program is win-win—good for the students, great for WPI!"

Ken Stafford

Director Robotics Resource Center, Worcester Polytechnic Institute

2009 FIRST Scholarship Providers

As of December 1, 2008. See www.usfirst.org/scholarships for current listing.

Adelphi University	Kettering University	Sweet Briar College
American Petroleum Institute - Delta Chapter	Lake Superior State University	Temple University
Arizona State University	Lawrence Technological University	The New School
ASME - ASME Auxiliary	Lindenwood University	Tulane University
BAE Systems	Marquette University	University of Arizona/BAE Systems
Boston University	Massachusetts Institute of Technology	University of Arkansas-Little Rock
Bradley University	Milwaukee School of Engineering	University of California-Davis
Bucknell University	Molloy College	University of Delaware
California State University, Los Angeles/Boeing	Montclair State University	University of Denver
CalPoly San Luis Obispo/BAE Systems	New Hampshire Technical Institute	University of Hartford
Capitol College	New Jersey Institute of Technology	University of Hawaii at Manoa/BAE Systems
Carnegie Mellon University/Boeing	New Mexico State University/Boeing	University of Illinois at Chicago
Case Western Reserve University	Northeastern University	University of Kansas
City College of New York, CUNY	Northwestern University	University of Maryland/BAE Systems
Clarkson University	Ohio State University	University of Massachusetts Lowell
College for Creative Studies	Olin College of Engineering	University of Michigan/Delphi
College of Southern Maryland	Oregon Institute of Technology	University of Minnesota/PTC
Colorado State University	Oregon State University	University of Missouri
Colorado Technical University-Denver	Pace University	University of Missouri-Kansas City
Daniel Webster College	Penn State/BAE Systems	University of Nebraska-Lincoln
DePaul University	Pennsylvania College of Technology	University of Nevada Las Vegas
DigiPen Institute of Technology	Phil Clancy Memorial Scholarship	University of New Hampshire/BAE Systems
Drexel University	Plymouth State University	University of Rochester
Eastern Michigan University	Polytechnic University	University of South Carolina
Embry-Riddle Aeronautical University	Purdue University/BAE Systems	University of South Florida
Fabricators & Manufacturers Association Foundation	Raytheon Company	University of Southern California
Fairleigh Dickinson University	Rensselaer Polytechnic Institute/BAE Systems	University of Texas-Austin
Ferris State University	Rochester Institute of Technology	University of Toronto
Florida A&M University/Boeing	Schoolcraft College	University of Washington/Boeing
Florida Institute of Technology	Seattle Pacific University	University of Waterloo
Georgia Institute of Technology	SME Education Foundation	Vermont Technical College
Grand Valley State University	Society of Petroleum Engineers - Delta Section	Virginia Commonwealth University
Hampshire College	Society of Women Engineers - Houston Area	Washington State University
Hofstra University	Society of Women Engineers - Space Coast Section	Washington University in St. Louis/Boeing
Idaho State University	Southern California Regional Robotics Forum (SCRRF)	Washtenaw Community College
Illinois Institute of Technology	Spring Arbor University	Wayne State University
ITT Technical Institute	Stevens Institute of Technology	William Paterson University
Johnson & Wales University		Worcester Polytechnic Institute
Kansas State University		

Help us grow the FIRST Scholarship Program: If your Alma Mater or local university is not on this list, please consider asking them to support FIRST. Contact our Scholarship Manager at 603-666-3906 x451 or scholarships@usfirst.org with questions or ideas.
