male/female (for DS & DSC)				special outlet has been arranged.

Please note that neither Veteran nor Rookie teams will receive a KwikByte Driver Station, an AC Adapter for the KwikByte Driver Station, or a Dongle in the 2010 Kit of Parts. The 2009 Driver Station function will be replaced with an Operator Console built around the Intel-powered Classmate PC laptop.

Information on the 2010 Kit of Parts and robot rules not mentioned here will remain confidential until the 2010 Kickoff on January 9, 2010.

<sup>1</sup> Per the 2009 game rules, this is the only permitted part of its kind in the *FIRST* Robotics Competition, in order to facilitate a fair and even-handed competition.

<sup>2</sup> This item may be available at a discount for FRC participants. The discount may be limited in availability, please contact the supplier for details.
